

HAZYSTAR RIDING ACADEMY

January 2, 2017

Thank you parents!- We have had some riding gear purchases in the last few months. Landon received some new boots as well as a new helmet and Isha and Riya have purchased a new helmet. Thank you parents, it is so important for them to have their own helmets that fit them correctly. I know riding gear is expensive so a big thank you to our parents! I do have extra riding pants sitting around so if you would like to try a pair out and I have some that would fit, you are welcome to borrow them.

My little Pony-We had a special request for Cleo to be dressed up as "my little pony" this year for Halloween. She was such a good sport and made a great rainbow Dash!

Weather- As we get into the colder months I just want to remind everyone to dress warm. Layers are best. When dressing your children, think about keeping their feet and hands warm. Gloves are needed on cold days, they don't have to be riding gloves but bulky gloves do not allow the riders to hold the reins well. Long underwear or long johns under clothes are helpful. If they are cold, it will not be fun so please dress them warm. I leave riding in the winter up to the rider, some kids do well with the cold and some don't. If they are game, I am game. We will cancel for the following weather conditions:

- Frozen ground- if it is extremely cold and doesn't go above freezing and the ground is frozen.
- Raining at time of lesson

I typically keep my eye on the weather all day and will contact you via text if we need to close. If in doubt, text or call me.

Welcome new riders- We would like to welcome Matthew and Ethan. We are excited to have you both! We would also like to welcome Lena Kate!
